- 4. Detailed pricing ----- Page 3

1. Purpose

The purpose of this document is to consolidate all prices relating to the various Civil Engineering Material Tester certification activities under the CivCert scheme.

2. Scope

The document covers the pricing for the following for Civil Engineering Material Testers in South Africa:-

- Initial application for certification,
- Witnessing fee for initial certification,
- Final certification for a five year period,

The fee(s) applicable to re-certification will be communicated as soon as the process for re-certification is finalised.

3. Areas of responsibility

Changes to this pricelist may only be approved by the Director of the NLA – SA.

4. Detailed pricing

Activity	Pricing RSA (VAT excl.)
Initial application for certification This is the fee payable upfront when submitting an initial CivCert application, without which the application will not be processed. This fee is not re-fundable.	R 675.00
Witnessing fee This fee is payable when the applicant is scheduled for an evaluation in the form of a witnessing, without which the witnessing booking is not confirmed. Payment is required at the latest two weeks prior to the scheduled witnessing date.	R 3325.00
Final certification for a five year period This is the fee payable upon successful certification as a Material Tester. The certification certificate will not be forwarded to the candidate until this amount is paid.	R 1000.00
Application for re-certification after a five year period of certification This is the fee payable upfront when submitting a CivCert renewal application, without which the application will not be processed.	TBC*
Re-certification evaluation fee This fee is payable when the applicant is scheduled for a re-evaluation assessment.	TBC*
Final re-certification for the next five year period This is the fee payable upon successful re-certification as a Material Tester. The renewed certification certificate will not be forwarded to the applicant until this amount is paid.	TBC*

* To be confirmed
