

LEGAL METROLOGY

Aim of Course

The Legal Metrology course is compiled such as to give the attendees an understanding of (i) the Legal Metrology discipline and (ii) the requirements as set out in the Legal Metrology Act and, where possible, the rationale behind these requirements.

Course Overview

Introduction to Legal Metrology (1 Day)
Legal Metrology Act (4 Days)

Who should attend?

Verification officers in the employ of accredited Verification laboratories. Regulatory managers of prepackers and retail chain stores. Marketing departments and buyers in the private sector. Government departments that deal with Legal measurements, e.g. Departments of Transport, Health and Environment.

Course Duration

5 Days

Evaluation

Attendance of the course, daily tests and the passing of a final examination are required (counting typically 30% for Daily tests and 70% for the Final Exam) in order to successfully complete this course.

The examination will be written approximately two weeks after the completion of the course.
